

MoS₂ Rust Remover

Product properties

Dissolves rust and loosens seized parts in seconds. Offers optimal long-term protection against rust and corrosion and repels water. Is neutral against lacquers, plastic and metal.

Area of application

In the industry and workshop area e.g. for corroded hinges, bolted connections, etc.

Application

Spray evenly onto the parts to be treated and allow to penetrate a couple of minutes.

Consumption

Dependent on Application

Reaction time

Depending on the degree of contamination and corrosion

Technical data

Physical state: aerosol
Colour: yellow
Odour: characteristic
Ignition temperature: > 200 °C
Density at 68 °F: 0,705 g/cm³
Water resistant
Solvent content: 85,5 %

Available size	Item no.	PU
400ml	22112	12
