

# Bike-Line Oil System Cleaner

## Product properties

Oil System Cleaner removes operationally caused contamination and resin deposits in the entire oil and lubricant system, especially developed for high performance 4-stroke motorcycle engines. It removes residues and carbon from piston rings and upper cylinder area. It neutralises harmful engine acids and protects the motor during cleaning through highly effective lubricants.

## Area of application

Use in oil and lubricant circulation of motorcycles

## Application

Add to the oil circulation before the oil change. Allow the engine to idle for approx. 15 minutes. Carry out an oil and filter change afterwards.

## Consumption

200 ml for 4 ltr. oil

## Reaction time

approx. 15 minutes

## Technical data

Physical state: liquid

Colour: red

Odour: aromatic

Boiling point (ERBP): 180 - 220 °C

Flashpoint: 65 °C

Ignition temperature: > 200 °C

Vapour pressure (at 68 °F): 20 hPa

Density at 68 °F: 0.82 - 0.92 g/cm<sup>3</sup>

Water resistant

Available size	Item no.	PU
200ml	33017	12
