

## Polish & Wax

### Product properties

One step cleaner which cleans, preserves and protects in a single operation. Polish & Wax offers long lasting durable protection against aggressive environmental influences. The protective film repels dust and water so that the surface retains a long lasting shine.

### Area of application

Suitable for new and refurbished paintwork, unpainted metal, stainless steel, plastic surfaces and much more in the car field as well as household and kitchen devices. The product is non-toxic and odourless.

### Application

Shake well before use! Spray the product evenly onto the cleaned and dry surface and polish it with a dry and soft cloth.

**Caution:** Do not use at hot surfaces.

### Consumption

10-15 ml per m<sup>2</sup>

### Technical data

Physical state: aerosol

Colour: beige

Odour: characteristic

not Explosive

Ignition temperature: 200 °C

Density at 68 °F: 0,858 g/cm<sup>3</sup>

Water soluble

Solvent content: 42,2 %

Available size	Item no.	PU
250ml	22073	12
