

# Adhesive Grease Spray

## Product properties

This product is a fully-synthetic, strongly adhesive lubricant for all joints, hinges, chains and many more. The product forms a long-lasting centrifugal and high-pressure resistant protection layer that repels water, is resistant to heat and salt, reliably protects against corrosion and considerably reduces wear and tear.

## Area of application

Perfectly suitable for lubrication of uncovered sections. For ropes, chains, cables, belts, gearboxes, cranes, construction machinery as well as for motorbikes and bicycles.

## Application

Shake can well before use. Thoroughly clean the areas to be treated before application. Then spray the product evenly onto the areas to be lubricated.

## Consumption

approx. for 5-10 applications

## Reaction time

Works Permanently

## Technical data

Physical state: aerosol

Colour: brown

Odour: characteristic

Density at 68 °F: 0,86 - 0,87 g/cm<sup>3</sup>

Water resistant

Available size	Item no.	PU
400ml	22096	24
