

Hotwax

Product properties

For spray archs and self service car wash stations. Care product free of mineral oil for use in all car wash stations. Polymeric wax components provide a long lasting deep high gloss effect.

Area of application

For spray archs and self service car wash stations.

Application

After washing and rinsing Hotwax is sprayed onto the vehicle the spraying arch. Depending on the dosing system Hotwax is used pure or prediluted with water. Proper dosing is reached when immediately after spraying on, the water film on the paint breaks up extensively. The water pressure is to be regulated in such a way that the Hotwax-water-mixture can fan out from the nozzels without pressure.

Dilution: pure to 1:4

Consumption

10-15 ml for each vehicle

Technical data

Physical state: liquid

Colour: red

Odour: characteristic

pH-Value (at 68 °F): 4,5

Flashpoint: > 60 °C

Density at 68 °F: 0,98 g/cm³

Water solubility: miscible

Available size	Item no.	PU
5kg	12040	1
25kg	12041	1
200kg	12042	1
10kg	12044	1
